# Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress.

They represent that ENERGY and PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

# INTRODUCTORY

IT is with pleasure that we place before the public the 1932 directory of Champaign and Urbana, compiled for us and set in type, printed and bound complete in our own shop here in Champaign-Urbana. We trust that it will meet your approval.

Not only is the Directory a very necessary and indispensable work for local usage, but it is a valuable means of extending throughout the country information concerning Champaign and Urbana, their advantages, resources and prospects, and it is a matter of more than ordinary importance to every individual that he be properly represented in this standard work of reference.

This year, as an added feature we have shown the number of children, under sixteen years of age, in each family by listing after the parents name the number of boys and the number of girls in the family. This information should be especially valuable to business people using the directory for mailing list purposes. Boys and girls over sixteen years of age are listed as adults.

Numerous minor improvements have been effected in an effort to give our patrons the very best information that could be collected.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the Publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not the publishers, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intention of the publishers is always for improvement, and you can always count on getting as accurate a Directory as circumstances will permit.

We wish to thank our patrons who have made this book possible, and the people of both cities for their courtesy in giving information.

FLANIGAN-PEARSON COMPANY
CHAMPAIGN, ILLINOIS

# HISTORICAL AND STATISTICAL SKETCH OF THE TWIN CITIES

## CHAMPAIGN

The city of Champaign originated in 1854 when the Illinois Central Railroad built its main north and south line two miles west of the village of Urbana. A village started at the railroad and was incorporated at that time as the village of West Urbana, its name was changed to Champaign in 1857. In 1860 the village of Champaign was incorporated as a city.

Champaign owes its growth to an act of the legislature in 1867 which awarded the University of Illinois to Champaign County. The steady growth of the University has been reflected in the growth of Champaign. The original location of the University was in Urbana adjacent to Champaign, but due to the expansion of the University, part of its grounds and buildings are on property originally part of Champaign.

Champaign is served directly by the main line of the Illinois Central Railroad; the Indianapolis-Peoria division of the C. C. C. and St. L. Railroad (Big Four); by the Wabash Railroad; by the Danville-St. Louis division of the Illinois Terminal Railroad (Electric) and Bus Lines including the Greyhound Lines to Chicago, St. Louis, Indianapolis, Peoria and other points.

Three state paved highway routes Numbers 10, 25, and 39 converge in Champaign from all directions. These routes, and the many paved County highways radiating in all directions, together with excellent transportation facilities offered by rail and bus routes make this one of the leading downstate traffic centers.

Due to its location in a rich section of East Central Illinois and to the large student body which attends the University, Champaign has a large retail business. Its stores offer exceptional stocks of merchandise to customers who come from a wide area to trade here. The 1930 census of distribution shows Champaign-Urbana to be the seventh market in the State, with annual sales amounting to more than $24,000,000. Champaign stores do seventy-five percent of this business.

Champaign and Urbana are served jointly by all utilities and together have one of the finest sanitary districts and sewage disposal plants which has been widely copied by other cities.

With the Commission form of government, a motorized police department, and its fire department on the platoon system, Champaign is up-to-date and efficiently equipped to handle its city business.

The large stadium and the men's gymnasium of the University being located in Champaign bring the thousands of people who attend athletic events at the University directly to Champaign. The football games in the fall and the basket-ball games in the spring attract gigantic crowds from all sections of the state.

The diversified industries of Champaign manufacture road equipment, leather gloves, forgings, portable bleachers, impact registers, wrought iron fixtures, and machine shop products.

The Chamber of Commerce airport furnishes facilities for visitors to Champaign, Urbana and the University who travel by plane. This airport is Federally recognized as safe and properly equipped.

### CHAMPAIGN FACTS

The 1930 Census of Distribution reports 389 retail stores with a total annual business of $18,374,682, a pay roll of $2,341,780 and full time, employment for 1,773 men and women in Champaign.

Population—(1930 census) 20,348.

Area—2740 acres.

Schools—The educational facilities in Champaign are very highly developed. The High School has an enrollment of 1,020, grade schools 2,500, Parochial schools between three and four hundred.

Banks—Four, to National and two State. Total deposit $12,000,000.00. Capital, surplus and undivided profits, $1,400,000.00.

Building and Loan Associations—five.

Business Colleges—four.

Chamber of Commerce—400 members.

Champaign County Country Club—250 members.

Churches and Missions—27.

City assessor's valuation—$15,203,431.

Tax rate—$5.00.

Fire department—Firemen, 14; fire hydrants, 329.

Fraternal organizations—21.

Hospitals—Three serve the community. Burnham, 70 beds; Mercy, 35 beds; University isolation, 45 beds; McKinley Hospital at the University, 90 beds.

Hotels—8.

Kiwanis Club—110 members.

Rotary Club—100 members.

Lions Club—50 members.

Exchange Club—30 members.

Labor Organizations—22

Newspapers (Daily)—One.

Parks—Six (under park commission control; fourteen other small parks.

Paved streets—60 miles.

Police force—12 men. Entirely motorized.

Postoffice—Three sub-stations; six rural routes; sixty employes; annual pay roll, $80,000.

Public Library—(Burnham Atheneum); erected 1895; cost $40,000; number of volumes—32,259.

Telegraph Companies—Two.

University of Illinois Stadium—Cost nearly $1,700,000; seats 69,000.

Million Dollar Illinois Central Station, track elevation and subway.

---

## URBANA

When Champaign county was created in 1833, Urbana was founded as its county seat.

The name of the county and county seat were after similar county seat and city in Ohio. The name Urbana is derived from the word Urbanity. The county offices were established, the Court House erected and the business of the county has been conducted in Urbana from that time until this.

When the legislature of the state of Illinois decided to take advantage of the provisions of "The Morill Act" providing land grants for state institutions of higher learning by creating such a university for Illinois, the enterprising citizens of Urbana and Champaign county succeeded in permanently locating it in Urbana.

The educational facilities in Urbana commence with the common schools, of which there are seven, include two modern high schools and concludes with the University of Illinois. The University campus and adjacent experiment fields consists of 2642 acres of land, with 90 buildings of the most modern character, while the enrollment for the year 1931-32 was 12,993 with over 1161 professors and instructors, and a total staff of almost 2,300 people.

Urbana has won fame as a residential city. Perhaps there is no city anywhere having a larger per cent of college trained citizens. The per cent of illiteracy in Urbana is considerably less than one per cent, while 36 per cent of its residents of school age are enrolled in its two high schools. Furthermore, fully 85 per cent of the residents of Urbana are home owners.

Urbana, "the crossroads of the Corn Belt," has sixty miles of paved streets. All the streets are well lighted by a system of ornamental boulevard lighting standards. Sanitation is unsurpassed, while the water supply comes from numbers of deep wells.

Urbana with a population of approximately 13,060, is also a city of parks. While the University campus may be considered one large park, Urbana has a park system of unusual attractiveness. The principal park of the system is Crystal Lake park, comprising some one hundred and ten acres of shrubs, oaks, grass and water made easily accessible by beautiful drives and walks. The clear water of the lake affords splendid boating in the summer and skating in the winter, while its pavilion, shelter house, modern play ground for children and an outdoor swimming pool attract visitors for many miles about. The other parks, while not so large, are very attractive.

In Urbana twenty churches guide the spiritual welfare of its citizens; the Boy Scouts, Girl Scouts, and Campfire Girls provide recreation and training for the children, while the Association of Commerce, the Rotary Club, the Exchange Club and the various fraternal societies afford means for the practice of good-fellowship characteristic of Urbana's citizens.

Although Urbana is paramount in its civic interests it is also represented by sound commercial and industrial concerns. No city has more solid financial institutions than the banks and building and loan associations of Urbana, their aggregate statements reaching several millions of dollars. Its building and loan associations are among the strongest in the country. Every branch of retail trade is represented among Urbana's stores, which provide for the wants of the community. Among the manufacturing enterprises in Urbana, are manufacturers of knock-down bleachers, butter and other dairy products, discuses, javelins and other athletic supplies, electrical supplies, chemical supplies, paints, castings, dehorners, cigars, harness, ice cream, burial vaults, mausoleums, high powered microscopic lenses, scientific instruments, waste reclaiming, X-ray apparatus, concrete ornaments for yard and home. Urbana is also the home of general laboratories, chief of which is the plant of the Urbana Laboratories, Inc., makers of seed cultures and many others.

In Urbana are located the shops of the Peoria and Eastern railway, a division of the New York Central Lines, which employ the largest number of men in any single industry in the city.

Urbana possesses very adequate transportation facilities, including Peoria and Eastern Railway, giving services to the east and west; the branch line of the Wabash running to Sidney; while the Illinois Central affords frequent services to Chicago and the south. "A train your way every hour of the day" is provided by the Illinois Traction System, with accommodations east and west, bus lines run to Chicago and St. Louis. Connections are made at Glover by trolley with the Chicago and Eastern Illinois railroad company for Chicago and St. Louis and by bus with the main line of the Wabash for St. Louis and Detroit at Tolono. Three state paved highways and many paved county roads extend in all directions and bus service is given on all three state highways.

Among other points of interest in the "city of opportunity" besides the University of Illinois Campus and its many attractions are, the Samuel T. Busey library, the Outlook Tuberculosis Sanitarium, Cunningham Home for children, Mercy Hospital, The Margaret Carle Memorial Hospital, one of the most up-to-date sanitary disposal plants in the country, a 110-acre, eighteen hole golf course and country club, the Wesley Foundation and the state and government experiment stations, and the Urbana park board's $100,000 outdoor swimming pool, "Illinois finest," and the $250,000 First Methodist Episcopal church.

An authority writes: "Urbana . . . home of the most important manufacturing plant in Illinois . . . that plant is the University of Illinois. Its raw materials are youth and ambition. Its product is men and women."

## URBANA AND CHAMPAIGN—THE HOME OF THE UNIVERSITY OF ILLINOIS

The Home of the University of Illinois is one of the best known convention communities in Illinois. Because of the presence of the University of Illinois in this community, it is estimated that annually more than 150,000 visitors come here to attend conventions of district, state, national, and international importance.

## THE URBANA AND CHAMPAIGN SANITARY DISTRICT

The Urbana and Champaign Sanitary District organized May, 1921, Law of 1917. Board of Trustees: P. W. Wright, President; Dr. J. C. Dodds, Vice-President; Harry Barr, Clerk. Officers of the Board: T. C. Sullivan, Treasurer; Francis E. Williamson, Attorney; Pearse, Greeley & Hansen, Consulting Engineers; Gus H. Radebaugh, Manager.

Treatment of sewage: Coarse Screen, Imhoff Tanks, Sludge Drying beds, Trickling Filter and Final Sedimentation treatment, capacity, 6,750,000 gallons per 24 hours. Plant is located north and east of Urbana, 697 feet above sea level. Effluent of plant flows into Salt Fork which has a natural stream flow of 3,000,000 gallons per 24 hours. Three and one-half miles of Intercepting Sewers, 30 inch the largest size with an intercepting capacity for 70,000 population. District area, 5,456 acres or 8.53 square miles. Approximate population of 43,000 and an assessed valuation of $23,741,257.00.

Purpose of the Sanitary District, to relieve overloaded sanitary sewers and prevent human filth from polluting resident basements, the Boneyard Branch, Saline Drainage Ditch and Salt Fork Creek. Office of the District is the Pumping Station at the Treatment Works. Public inspection always welcomed.

This Sanitary District is example of successful cooperation between the two municipalities. The two cities are in fact one community and should be so considered by all residents.

# FLANIGAN-PEARSON CO.'s Classified Directory of Champaign-Urbana Businesses

Copyright 1932

In this section is classified under the proper heading, every business of the city and its immediate environs. Many businesses appear in heavy type under one or more headings—these are contracted for in advance of publication.

Names appearing under headings marked * are only inserted when specially contracted for.

NOTICE—The entire matter in this Directory is fully covered by copyright. All persons are warned against printing the same or any part of it.

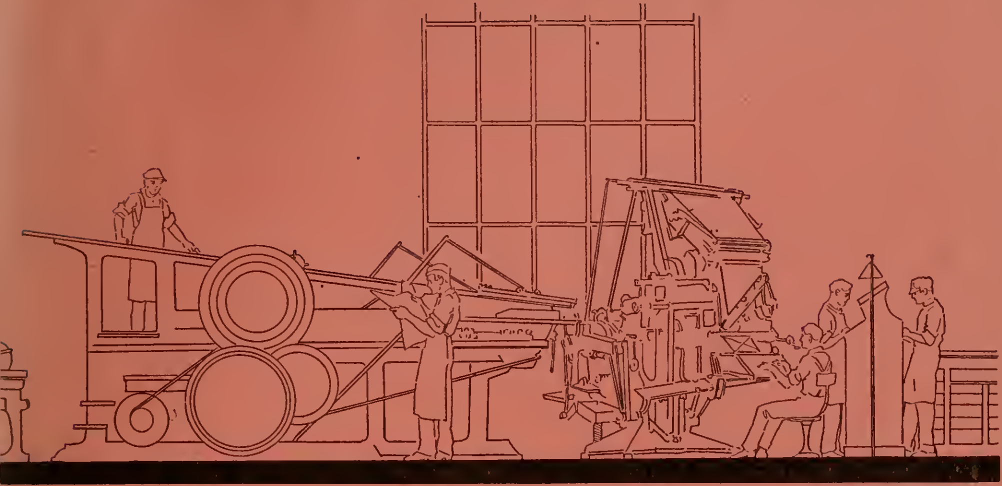
# CRAFTSMANSHIP



WITH all the high-speed machinery of the present age, craftsmanship still remains the vital element in printing. Quality and effectiveness are its highest expressions.

After all, machines are only tools under skilled human direction. And printing, though it may be considered by some as merely a commodity, is primarily an art wrought by brain and feeling.

In these days of keen competition, the printed catalog or folder, like the successful salesman, must be geared to the top-notch of efficacy, to make good. Finer printing—the creation and result of true craftsmanship—gives to type, ink and paper that alluring distinction and that rare power which the cloistered illuminator gave to his vellums.

To buyers of printing this craftsmanship has thus practical significance. For there is no piece of printing which is not a better commercial purchase because of it. Quality and effectiveness are essential—if the printed job is to do maximum duty.

Our staff, trained in craftsmanship, with over twenty years of experience behind it, is ready to produce finer printing accurately gauged to your need—dynamic for your purpose.

FINE PRINTING

10 Chester Street — Champaign

# Color *Without* Color Plates

*means . . .*

## Your Advertising *Plus* Attention Value *Minus* Color Plate Cost

Actual tests prove the additional merchandising effectiveness of color in printed pieces. Color commands and holds attention. Showing your product in actual colors will increase the selling power of your advertising literature 10 to 20 per cent. With our new color process you can now have your advertising literature printed in from two to six more colors . . . . and save the entire cost of color plates, a cost that is prohibitive on short runs. This process produces even the most delicate of tints, soft blending colors and natural color effects heretofore impossible except by use of expensive color plates.

## Add Color "Punch" to Your Present Pieces

Before you order re-runs of any of your present black and white pieces, let us show you how this amazing process will put new selling life into them. Remember, no extra plates are needed.

# Make Sure You Visit Our Display Room First

## *For the Home—*

GAS RANGES—Clark Jewel, Magic Chef and Universal gas ranges, with automatic heat control, insulated ovens, in a variety of styles and colors. A complete line for your selection.

REFRIGERATION—General Electric Refrigerators preserve both food and health, at a moderate cost. Over a million and a half now in use. One out of every three electric refrigerators, is a General Electric. No home is complete without one.

COMMERCIAL REFRIGERATION AND WATER COOLERS are now available for every line of business.

GAS HOUSE HEATING—New lower rates now in effect for Gas House Heating. Uniform temperature, automatically regulated, means health. Gas heating meets this need, with no fuss, no muss, or bother. Estimates made free of charge.

GAS WATER HEATERS—Hot water at your command, day or night, if your home is equipped with one of our storage water heaters. No home is complete without one of these water heaters. Call for our water heater expert—no charges.

GAS ROOM HEATERS—Put one of these wonderful Radiantfires in that fireplace of yours or in the front room that is chilly.

GASTEAM RADIATORS—You cannot tell them from a steam radiator. Operated by gas. Just the thing for your sun porch or any room.

HOOVER VACUUM CLEANERS—See the best vacuum cleaner made. Call us for a free demonstration.

WASHING MACHINES—The General Electric Washing Machine pays for itself in a short time in the saving in laundry bills and health. Prices the lowest, for dependable merchandise.

IRONERS—Don't fail to see the new Meadows Press Type Ironer. Here's the first automatic iron that irons everything. The most difficult things—ruffled curtains, pleated children's wear. Garments that rotary mangles can't touch. Here's an ironer you'll love to use because you can. Call us for a free demonstration.

## *For the Merchant—*

DISPLAY SIGNS, STORE ILLUMINATION, STORE VENTILATION—Electric Signs and proper Window Illumination is as vital to any merchant as blood is to maintaining life in the body. A well illuminated window and store and an attractive Electric Sign denotes a progressive merchant who is a credit to his community-at-large. Let our expert on electric signs, illumination and ventilation solve your business depression at no cost to you.

## *For the Manufacturer—*

ELECTRIC POWER AND INDUSTRIAL GAS—Our engineers will welcome the opportunity of helping you cut down your operating costs and increase your production. No charge for this expert advice. Cleanest, most efficient, most economical giants at your command, simply by throwing a switch or turning a valve.
